RE: WATO INTERNTIONAL ORGANZATION

For the period of 3 years that we have partnered with WATO International on preventing Gender based Violence against women and girls Project, our aims and goals have been achieved by 98%. Through this partnership we have gained more experience in networking and teamwork, as well as Monitoring and evaluation skills which has also improved our expertise in project implementation and accountability towards finances. WATO International team has enough experience in project implementation at both National and community levels.

The purpose of this letter is the therefore to recommend WATO International Organization as a legal entity with competence in transforming and improving the livelihood of Women and girls through its programs countrywide.
