To Whom It May Concern:

September 26, 2016

I am writing this letter as a whole-hearted endorsement of the good work, which Mr. Zackary Ngare and his staff at HOYWIK Programmes are doing throughout the Kibera Slum and Rachuonyo.

First Love International Ministries has worked alongside HOYWIK Programmes for the past 4 years and we have been impressed with the high level of professionalism, honesty, and integrity of this organization as well as their entire staff. We have provided the students at HOYWIK Primary School with food for their lunch program, assisted in the construction of 2 classrooms, and been directly involved in several extra-curricular programs with the students during this time.

I would highly recommend HOYWIK Programmes and Mr. Zachary Ngare for your consideration for any help you could provide as they seek to assist vulnerable children and families who have been adversely affected by the HIV/AIDS epidemic in Kenya.

Thank you!

Sincerely yours,

Dr. Thomas M. Clinton
