Mr. Lucas Ekome  
Programme Officer  
Rural Aid Cameroon  
Cameroon

Dear Mr. Ekome,

We are pleased to inform you of the successful closure of your project funded at \$8,329 by the Ambassador's Special Self-Help program in September 2016. We reviewed your submitted reports and supporting documents regarding the construction of a full block of bathrooms with showers and modern toilets at Mutengene Health Center, and deemed it a success.

We applaud your efforts in implementing the project effectively and efficiently, as well as your compliance to all requirements. We wish you success as you continue to contribute to the improvement of the social conditions of your community.

Sincerely,
