

July 8, 2019

Dear World Connect,

It is a privilege to write this letter of recommendation for our friends and partners at Flying Kites. I understand that they are in the process of submitting a proposal to you for funding of their Teacher Training Institute – this is very exciting to me as it is closely related to the partnership between our two organizations.

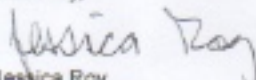

Tailored for Education began working with Flying Kites in 2013, when we provided school uniforms for the 40 students enrolled at their Academy. Flying Kites has taken incredible steps to scale their impact since that time – not only has their Academy tripled in size, they have also begun partnering with local public schools across their rural district through their Flying Kites School Network and Teacher Training Institute.

We have joined them in these noble efforts, and together with the visionary leaders and educators of these small and struggling schools we are impacting the lives of nearly 3,500 primary school students. It is not only with the provision of school uniforms, but also with access to basic needs such as clean water and nutritious food, as well as ensuring they are learning in safe classrooms with highly trained teachers who have the skills to engage them in their studies and improve their school performance.

We are proud to be a member of the village of partners working with Flying Kites to improve the quality of public primary education in rural Kenya. The Kenya-based leadership and staff are deeply committed individuals who breathe life into the mission and vision of the organization, working hand-in-hand with local community leaders every day to provide holistic support to some of Kenya's most vulnerable children.

Please do not hesitate to contact me if you would like more information about the long-standing partnership between our organizations, and I hope that my endorsement of Flying Kites leads to a partnership with World Connect as well.

Sincerely,

Jessica Roy
Vice President and Co-Founder
