Dear Sir/Madam,

RE: Letter of Recommendations

The Savings Banks Foundation for International Cooperation (SBFIC) is partnering with, Karagwe Rural Development and Environmental Conservation Agency (KARUDECA) since 2016. KARUDECA is helping SBFIC in implementing our objectives of reducing poverty in Karagwe District through trainings in Financial Education to students of primary and secondary schools as well as Financial Education to adults. Our projects are well managed by them and the results are impressive.

The purpose of this letter is to recommend KARUDECA to you for support and or partnership as we regard them to be the right partner for implementing projects.

Please do not hesitate to contact the signatory in case you need any further information.

Sincerely,

Stephen Safe
Country Director Tanzania
Savings Banks Foundation for International Cooperation
