### **RECOMMENDATION FOR KAYEMBE THULIBAGHUMA WOMEN'S GROUP**

Kayembe Thulibaghuma Women's Group is located in Kayembe village, Kayembe Parish, Isango Sub-county, Kasese District in Uganda.

It is a self help group in the category of Community Based Organization. It is made up of committed women doing a number of activities like savings and credit, Functional Adult Literacy, farming and crafts. It is one year and a half since we knew this group and we are happy to partner with them especially in the area of Functional Adult Literacy (FAL).

This group would like to keep Dairy goats and boost their green gardens for income, nutrition and develop themselves further.

Am very sure that this group will maintain good partnership with you once you fund its project.

Hope for positive response

Sincerely

  
Rujumba Moses

Director
