LVINGSTONE

TO WHOM IT MAY CONCERN.

Dear sir/madam,

**REF: RAECOMMENDATION LETTER TO POOL OF BETHESDAHOUSE
HELP**

This saves to inform you that Pool of Bethesda House Help is a legally registered organization operating in the district of southern province of Zambia.

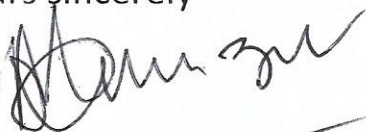

The Livingstone District Orphans and Vulnerable Children Committee is an umbrella organization for all charitable organizations operating in Livingston district.

We periodically give grants to charities dealing with children youth and women programs intended to uplift the standard of living for the poor community members.

We have worked with POBHH for the past three years and they have an excellent proven track record in implementing community programs and have been accountable and transparent in the donor use of funds given to them so far.

I have no hesitation to recommend them for any help or funding

Yours sincerely
