Dear Sir/Madam

**RE: RECOMMENDATION OF ADVANCEMENT FOR URBAN AND RURAL COMMUNITIES**  
**FOR FUNDING**

Greetings from Mother Mary Memorial Medical Centre.

I hereby recommend Advancement for Urban and Rural Communities; this organization has been working with Mother Mary Memorial Medical Centre in the area of empowering rural communities. This organization was co-funded with money for economic empowerment to support to train Village Savings and Loans Associations equaling to 1000 USD.

This organization is grass root organization giving them money will directly reach the beneficiaries; however, it is a growing organization whereby we are helping it in building its capacities.

In nutshells, therefore, Advancement for Urban and Rural Communities is a low risk organization to work with and will give you results.

Thanks

Makanika Paul

Executive Director
