10. What was most useful?

It was useful as the topics presented gave an overall insight of IT in the world as a whole and the career benefits for the students.

11. What was least useful?

The advancement of IT which is to be pursued after formal IT training.

12. What would you like to be added to this event? Are there other topics that you would like to be addressed?

The awareness should start with the form ones and not only senior classes (forms three and four).

13. Would you recommend this campaign to another school? Yes/No Why?

Yes. It is global in education, medicine, finance, administration, health and almost all corners of life, therefore all schools should have this campaign if possible.

14. Any other comments?

I suggest that there should be more time after the presentations for the students and the presenters to interact.

10. What was most useful?

Sharing of Knowledge which ^{got} most students
Motivated, to venture into the IT field
in the near future

11. What was least useful?

Nothing, everything was perceived to be
very useful

12. What would you like to be added to this event? Are there other topics that you would like to be addressed?

You should take an initiative of organising students into some club to do with IT, so that at a later stage you can ~~be~~ followed up on how they are progressing.

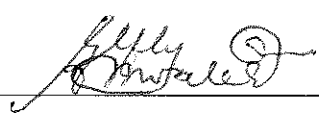

13. Would you recommend this campaign to another school? Yes/No Why?

Yes! Because students need such information to make up appropriate future decisions, pertaining to their career paths.

14. Any other comments?

Visit us again, since we have
Received many students now!
