WORLD CONNECT

Dear sir/madam

RECOMMENDATION FOR VISION FOR CHANGE ORGANIZATION

Center for Advancement of Youth Empowerment (CAYE) has worked very closely with Vision for Change Organization during the one year while it has served as a partner to the organization. Vision for Change Organization became a partner in June, 2018. Vision for Change Organization has excelled in the role and maintained one of the highest levels of productivity for a partner during a one year tenure of partnership with the organization. Vision for Change Organization produces a high volume of work while maintaining high standards for quality.

Vision for Change Organization possesses the ultimate "can do" attitude while taking on all tasks with a positive energy. The attitude of Vision for Change Organization enables it to interact effectively with the community. The Organization's integrity is evident in the Briquette production project that was carried out in Karonga District to empower the community in socio-economic development especially the young people. The project also served the purpose of equipping the community with knowledge and skills for self-reliance in their different endeavors. The project was also promoting proper wastes management in the town. The project made use of rice husks and papers to produce Briquettes as one way of proper waste management.

As Centre for Advancement of Youth Empowerment (CAYE), we are very grateful for the collaborative efforts that the two organizations have had. CAYE is very confident that Vision for

Change Organization will deliver the best and add value to the vision and mission of World Connect.

Regards

The executive director (Centre for Advancement of Youth Empowerment)
