RE: RECOMMENDATION OF COMMUNITY CARE FOUNDATION-UGANDA (CCFU)

Dear Sir/Madam,

The above mentioned organization is a well-registered non-profit organization that has an office in Masaka and operating in Masaka region and its neighbors. CCFU is working to improve the well-being of young people and women to live a better & a purpose driven lives as it is indicated in their mission, vision and objectives.

We are aware of their existence, participated in their activities, collaborated with them and funded their activities to undertake joint efforts in activities that are impacting young girls and women in our communities.

We therefore have no hesitation in recommending them to your outfit!

Should you require further information about them or about WalkFree Uganda, just let me know.

Thanks

Sincerely

Henry Kizito

ED WalkFree Uganda
