Recommendation letter for Luso Lithu CBO

To World Connect:

Dear sir/Madam,

Entertainment Malawi would like to recommend **Luso Lithu Community based Organisation** under the management of Mr. Kedson Ngwira to be considered in your project.

We have known Luso Lithu CBO for over a year now and our relationship with them has been wonderful. We partnered with them in a project called "Tingathe", which was implemented last year in their area, Masasa. In this project which run for 6 months we focused on empowering the youth in the creative space which involves arts and talent. Over 100 Youths benefited from the program. This project was successfully implemented by our partner organisation Luso Lithu

We believe Luso Lithu Community based Organisation would be an excellent selection because they have a proven track record and impact on project implementation, working with youths and communities.

Yours faithfully,

Alfred Zgambo
