#### LETTER OF RECOMMENDATION

Mwembe r.f., NGO registered in Finland, has worked together with Ni Hekima Pekee Organization (NIHEP), Mwanza, Tanzania since January 2011. Mwembe is a small organization with 35 members and 12 monthly sponsors. Our main activity is fundraising and to support NIHEP with funds, ideas and international volunteers. The chairperson of Mwembe is visiting Mwanza once a year for 1-2 months to visit activities and to plan future work together with NIHEP. We regard NIHEP a trustable partner and the director Onesmo Kajuna is experienced and knowledgeable. With small funds and a lot of hard work NIHEP has with the assistance of local and Scandinavian volunteers grown to be a well seen organization in the community, especially Butimba and Lwanhima ward, where support activities of vulnerable children/youth and their caretakers are carried out.

We can fully recommend Ni Hekima Pekee Organization to be given support for future activities.

Best wishes,

Lena Johansson

Chairperson
