Thank you very much for your reference request about FEI IDO. We hope you can use this email as our reference letter.

We've had (and still have) a constructive collaboration with FEI IDO. Two of our board members went to visit the project we've supported and were very enthusiast. In front persons Florence and Andrew we've seen a very passionate man who finalized the proposed goals sooner than we've ever seen before. He's an enthusiast man that is working closely with the villagers and government, and is also well informed about the importance of education for the children, the village and the future of the region. He's open to collaboration with other partners in the region, e.g. CEREDO. Summarized: our collaboration was above our expectations and we do strongly advice working together with FEI IDO as project partner.

I trust this to be enough information. If not, please do not hesitate to contact us.

Kind regards,
Alitha Lanting-Werner
Secretary board of EducAIDed
