**Subject: Recommendation Letter for Mr. Manyi Ayuk Mbeng (CIGIF Cameroon)**

I the undersigned Clara Indoko, an administrator and Executive BOD member of ESARDEF strongly recommend the applicant Mr. Manyi Ayuk Mbeng, the Executive Director of Christ International Giving Foundation (CIGIF Cameroon) because he is well known to me. In addition to the above executive duty, I have worked with him when he was the then outreach manager and I program officer of the same body. As an administrator for ESARDEF, I have assisted him to write and implement 3 projects for women and youth empowerments. In 2016, I had the opportunity to share experiences and to visit some of the project sites implemented by CIGIF Cameroon led by Mr. Manyi Ayuk Mbeng. Over these years, our organization had developed joint initiatives which have help in transforming rural communities with Mr. Manyi Ayuk Mbeng enthusiastically committed in the empowerment of marginalized and disadvantaged women especially widows and abandoned single mothers within these forests hard to reach communities of Cameroon.

For over 3 years of collaboration, I have taken note of Mr. Mbeng's impressive skills in the management of projects; community organization and most importantly his strict adherence to donor prescriptions in technical and financial management of projects even in complex situations. He is also an admired team leader, very focused and capable of resolving conflicts of interest between groups and communities. His project proposed for funding is a top priority for the rural communities of Wonya Mavio Community and occupies a major community response during the village and communal development plans rooted from the need assessment exercises' of many NGOs working within the area. He and his organization enjoys the confidence of the communities which will boost the effectiveness and efficiency of the proposed project and ensure its sustainability and positive impact based on his accumulated experiences and the needs driven project, I strongly recommend his project for approval and will volunteer to supervise it, but should you have any further concern, please do not hesitate to contact me.

Sincerely,

Clara Indoko  
Senior Administrator, ESARDEF
