### RECOMMENDATION LETTER

#### Re: **BRIDGERS ASSOCIATION CAMEROON**

I have the pleasure to write this letter of recommendation to attest for **Bridgers Association Cameroon's** application.

I have known the above mentioned Organization for close to a year. We have been collaborating with them both at working sessions and project implementation level with their team members making valuable contributions to community development. Their willingness to learn even new things is commendable.

Remarkably, this grassroots Organization has demonstrated commitment and a strong zeal to foster the achievement of the SDG's especially through capacity building with focus on poverty alleviation. This is seen in their approach towards women/girls empowerment and taking them out of poverty while guaranteeing food security and entrepreneurship.

On the above basis, we therefore strongly recommend and reference **Bridgers Association Cameroon** without reservation for any civil society project they may intend to undertake. This Organization is apt and competent with a smart and well coordinated result oriented team.

Done in Buea this day: 30/07/2018
